

WORKSHOP 1: Providing seamless inter-modality as a gateway to 'sustainable suburbs' through cross-boundary partnerships in Antwerp, Belgium

Creating partnerships for intermodal and sustainable mobility

13 Jul 2022, 9:30 – 12:00 CEST

Moderator: **Jordi Bosch, Officer, Sustainable Mobility, ICLEI Europe**

9:30: Opening session

9:40: Presentations

- **Timothy Durant, Associate Director – International, Vectos, Germany (10')**: Introducing the conceptual framework relating to three forms of partnership. City with: mobility providers; employers; property developers
- **Annelies Heijns, City of Antwerp (20')**: Partnerships in the city of Antwerp, focusing on the Marketplace, employers and MAAS
- Q&A (5')
- SUMP-PLUS Follower Cities (up to 20' max): Presentation from a follower city with an (inclusive) Maas offer in their city and/or with partnerships with property developers.
- **Timothy Durant, Associate Director – International, Vectos, Germany (10')**: Partnerships with property developers
- Q&A (5')

10:50: Coffee break

11:00: Workshop on partnerships (Marijke De Roeck, City of Antwerp, Coordinator SUMP-PLUS)

During this workshop, we will be very interested to understand the approaches your city has in place for working with these three types of stakeholders, and to consider which partners should take the lead in delivering intermodal and sustainable mobility.

The survey will be used a guideline for this workshop.
